Get started with **7** seven questions

Schedule an introductory call to talk more about how to get your dream career. This call runs about 20 minutes – and is FREE.

To schedule an appointment, go to www.knocks.com and click on the appointment link in the left menu. Please provide your preferences in the appointment scheduling form. You will receive a confirmation within 48 hours.

The introductory call is the first step; when discussing your answers to the seven questions, I can develop the appropriate career services recommendation for you and provide you with a written quote. Once we agree to work together on a career management program, then we schedule the next consultation.

This is our process and we have found it to be very effective helping people get hired faster to in a career you love – while getting paid what you're worth.

Please email your responses to the seven questions along with your "work in progress" resume.
